Proposal for a

COUNCIL REGULATION

amending Council Regulation (EC) No 442/2007 of 19 April 2007 imposing a definitive anti-dumping duty on imports of ammonium nitrate originating in Ukraine following an expiry review pursuant to Article 11(2) of Regulation (EC) No 384/96

(presented by the Commission)

EXPLANATORY MEMORANDUM

The anti-dumping duties on imports of ammonium nitrate originating, inter alia, in Ukraine were imposed on 22 January 2001 by Regulation (EC) No 132/2001. Following an expiry review initiated in January 2006 these measures were renewed at their current level for two years by Council Regulation (EC) No 442/2007.

In December 2006, a partial interim review limited to dumping was initiated on request of a Ukrainian exporting producer Open Joint Stock Company (OJSC) Azot Cherkassy. The review was terminated by Regulation (EC) No 237/2008 without amending the anti-dumping measures in force. Subsequently and within the deadlines provided for in the Regulation (EC) No 237/2008, Open Joint Stock Company (OJSC) Azot Cherkassy submitted an undertaking offer which was accepted by Commission Decision.

The purpose of this amendment is to take into account the Commission Decision accepting the undertaking by amending the Council Regulation (EC) No 442/2007 of 19 April 2007 imposing a definitive anti-dumping duty on imports of ammonium nitrate originating in Ukraine accordingly.

Proposal for a

COUNCIL REGULATION

amending Council Regulation (EC) No 442/2007 of 19 April 2007 imposing a definitive anti-dumping duty on imports of ammonium nitrate originating in Ukraine following an expiry review pursuant to Article 11(2) of Regulation (EC) No 384/96

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 384/96 of 22 December 1995 on protection against dumped imports from countries not members of the European Community¹ ('the basic Regulation'), and in particular Article 8 thereof,

Having regard to the proposal submitted by the Commission after consulting the Advisory Committee,

Whereas:

A. PROCEDURE

- (1) On 22 January 2001 the Council imposed, by Regulation (EC) No 132/2001², a definitive anti-dumping duty of EUR 33,25 per tonne on imports of ammonium nitrate falling within CN codes 3102 30 90 and 3102 40 90 and originating, inter alia, in Ukraine. Following an expiry review initiated in January 2006, the Council, by Regulation (EC) No 442/2007³, renewed these measures at their current level for two years.
- (2) On 19 December 2006, the Commission announced by a notice published in the Official Journal of the European Union⁴, the initiation of a partial interim review concerning imports into the Community of ammonium nitrate originating in Ukraine upon the request of Open Joint Stock Company (OJSC) Azot Cherkassy (hereinafter 'the exporting producer'). The definitive findings and conclusions of the partial interim review are set out in Council Regulation (EC) No 237/2008 of 10 March 2008⁵ by which the review was terminated without amending the anti-dumping measures in force.

B. UNDERTAKING

- (3) During the interim review the exporting producer expressed an interest in offering a price undertaking but failed to submit a duly substantiated offer within the deadline as set out in Article 8(2) of the basic Regulation. However as stated in recitals (46) and (47) of the above mentioned Council Regulation, the Council considered that the exporting producer should exceptionally be allowed to complete its undertaking offer

⁵ OJ L 75, 18.03.2008, p. 8

within 10 calendar days from entry into force of that Regulation due to the complexity of several issues, namely (1) the volatility of the price of the product concerned which would require some form of indexation of minimum prices, while at the same time the volatility is not sufficiently explained by the key cost driver; and (2) the particular market situation for the product concerned. Subsequent of the publication of Council Regulation (EC) No 237/2008 and within the deadline as set out in that Regulation the exporting producer submitted an acceptable price undertaking in accordance with Article 8(1) of the basic Regulation.

- (4) The Commission by Decision [INSERT]⁶ accepted the undertaking offer. The Council recognises that the undertaking offer eliminates the injurious effect of dumping and limits to a sufficient degree the risk of circumvention.
- (5) To further enable the Commission and the customs authorities to effectively monitor the compliance of the company with the undertaking, when the request for release for free circulation is presented to the relevant customs authority, exemption from the anti-dumping duty is to be conditional on (i) the presentation of an undertaking invoice, which is a commercial invoice containing at least the elements listed and the declaration stipulated in the Annex; (ii) the fact that imported goods are manufactured, shipped and invoiced directly by the exporting producer to the first independent customer in the Community; and (iii) the fact that the goods declared and presented to customs correspond precisely to the description on the undertaking invoice. Where the above conditions are not met the appropriate anti-dumping duty shall be incurred at the time of acceptance of the declaration for release into free circulation.
- (6) Whenever the Commission withdraws, pursuant to Article 8(9) of the basic Regulation, its acceptance of an undertaking following a breach by referring to particular transactions and declares the relevant undertaking invoices as invalid, a customs debt shall be incurred at the time of acceptance of the declaration for release into free circulation of these transactions.
- (7) Importers should be aware that a customs debt may be incurred, as a normal trade risk, at the time of acceptance of the declaration for release into free circulation as described in recitals (5) and (6) even if an undertaking offered by the manufacturer from whom they were buying, directly or indirectly, had been accepted by the Commission.
- (8) Pursuant to Article 14(7) of the basic Regulation, customs authorities should inform the Commission immediately whenever indications of a violation of the undertaking are found.
- (9) For the reasons stated above the undertaking offered by the exporting producer is therefore considered acceptable by the Commission and the exporting producer concerned has been informed of the essential facts, considerations and obligations upon which acceptance is based.
- (10) In the event of a breach or withdrawal of the undertaking or in case of withdrawal of acceptance of the undertaking by the Commission the anti-dumping duty which has been imposed by the Council in accordance with Article 9(4) shall automatically apply by means of Article 8(9) of the basic Regulation.
