COM(2007) 793 final

Proposal for a

COUNCIL DECISION

on the position to be taken by the Community within the Association Council created by the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the State of Israel, of the other part, with regard to the adoption of provisions on the co-ordination of the social security systems

(presented by the Commission)

EXPLANATORY MEMORANDUM

1) CONTEXT OF THE PROPOSAL

- **Grounds for and objectives of the proposal**

Article 65 of the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the State of Israel, of the other part,¹ lays down that the Association Council shall by decision adopt the appropriate provisions to implement the objectives set out in Article 64 of this Agreement.

- **General context**

At Community level, Member States' social security systems are coordinated by Regulation (EEC) No 1408/71² and its implementing Regulation (EEC) No 574/72³. Article 64 of the Agreement with Israel contains provisions for limited co-ordination between the social security systems of Member States and Israel. A Decision of the Association Council established by the Agreement is required in order that these provisions can take effect.

A number of other Association Agreements with third countries contain similar provisions on the co-ordination of social security systems. This proposal is part of a package of proposals which include similar proposals with regard to the Agreements with Morocco, Algeria, Tunisia, Croatia and the former Yugoslav Republic of Macedonia.

In order to establish the position to be taken by the Community in this Association Council, a Council Decision is necessary.

- **Existing provisions in the area of the proposal**

Council Regulation (EC) No 859/2003⁴ extends the provisions of Regulation (EEC) No 1408/71 and Regulation (EEC) No 574/72 to nationals of third countries who are not already covered by those provisions solely on the grounds of their nationality. This Regulation already covers the principle of aggregation of insurance periods acquired by Israeli workers in the various Member States regarding entitlement to certain benefits, as set out in Article 64 (1), first indent, of the Agreement with Israel. However, as Regulation (EC) No 859/2003 is based on Title IV of the Treaty, Denmark is not bound by or subject to this Regulation, in accordance with Articles 1 and 2 of the Protocol on the position of Denmark annexed to the Treaty on the European Union and the Treaty establishing the European Community. It only applies to the United Kingdom and Ireland, because, in accordance with Article 3 of the Protocol on the position of the United Kingdom and Ireland annexed to the Treaty on the European Union and the Treaty establishing the European Community, both Member States gave notice that they wished to participate in the application of Regulation (EC) No 859/2003.

² OJ L 149, 5.7.1971, p. 2. Regulation as last amended by Regulation (EC) No 1992/2006 of the European Parliament and of the Council (OJ L 392, 30.12.2006, p. 1).

³ OJ L 74, 27.3.1972, p. 1. Regulation as last amended by Commission Regulation (EC) No 311/2007 (OJ L 82, 23.3.2007, p. 6).

⁴ OJ L 124, 20.5.2003, p. 1.

- **Consistency with other policies and objectives of the Union**

In 2004 the EU launched the European Neighbourhood Policy, which aims to strengthen relations with sixteen countries bordering the Union, including Israel, with a view to avoiding new dividing lines in Europe, and to promote peace, stability and prosperity. In the context of this policy, on 11 April 2005, the European Union and Israel adopted by means of a recommendation of the Association Council an Action Plan laying down mutually-agreed objectives for strengthening their cooperation in a wide range of policy areas over a three-year period. Objective 2.3.3 of this Action Plan states that the parties will strive to take a decision to implement Article 65 of the Association Agreement.

This proposal will therefore contribute to the implementation of the EU-Israel Action Plan and hence to the fulfilment of the objectives of the European Neighbourhood Policy.

2) CONSULTATION OF INTERESTED PARTIES AND IMPACT ASSESSMENT

- **Consultation of interested parties**

Consultation methods, main sectors targeted and general profile of respondents

The main features of this proposal were discussed with Member States' delegations in the Administrative Commission on Social Security for Migrant Workers, a body established by Regulation (EEC) No 1408/71. Delegations had also the opportunity to submit notes on this subject.

Summary of responses and how they have been taken into account

Most of the comments of Member States were of a very general nature. Some of them, such as those referring to the need for provisions on administrative checks and medical examinations, have been taken into account in this proposal. Other issues, in particular provisions on the enforcement of administrative fines, were not considered appropriate for inclusion in the proposal because they fall outside the scope of Article 64 of the Agreement with Israel.

- **Collection and use of expertise**

There was no need for external expertise.

- **Impact assessment**

Article 64 of the Agreement with Israel contains provisions on limited co-ordination between the social security systems of Member States and Israel. A number of other Association Agreements with third countries contain similar provisions on the co-ordination of social security systems. All of them require a Decision of the relevant Association Council so that these provisions can take effect.

The aim of these provisions in the social security field is that a worker from the associated country concerned can receive certain social security benefits provided under the legislation of the Member State(s) to which he is or has been subject. This also applies, by way of reciprocity, to an EU national working in the associated country.

As all the provisions in the proposals included in the current package of proposals with regard to six associated countries (Morocco, Algeria, Tunisia, the former Yugoslav Republic of Macedonia, Croatia and Israel) are almost identical, this will facilitate the application of these provisions by Member States' social security institutions. There might be some financial implications for national social security institutions resulting from the application of these proposals, since they have to provide, for example, the benefits as described in Article 64 of the Agreement with Israel. However, this Article only concerns persons who are or have been contributing to the national social security system of the country concerned, as provided for under its national legislation. In any case, it may be difficult to gauge the precise impact of these proposals on the national social security systems at this stage.

3) LEGAL ELEMENTS OF THE PROPOSAL

- **Summary of the proposed action**

This proposal consists of a Council Decision on the position to be taken by the Community within the Association Council established by the Agreement with Israel and, in the Annex, of a Decision of the Association Council in the social security field.

The proposed Decision of the Association Council fulfils the requirement of Article 65 of the Agreement with Israel for such a Decision, in order to put in place the social security principles contained in Article 64. The Decision therefore contains implementing provisions with regard to those provisions of Article 64 of the Agreement with Israel which are not already covered by Regulation (EC) No 859/2003. This concerns in particular provisions in respect of Denmark on the aggregation of insurance periods acquired by Israeli workers in the various Member States, the export of certain benefits to Israel as well as the granting of family benefits to Israeli workers for their family members legally resident in the same Member State as the worker concerned.

Moreover, the proposed Decision of the Association Council ensures that the provisions on the export of benefits and the granting of family benefits also apply, by way of reciprocity, to EU workers legally employed in Israel and to their family members legally resident in Israel.

- **Legal basis**

Article 310 of the Treaty in conjunction with its Article 300 (2), first subparagraph, last sentence, and second subparagraph thereof.

- **Subsidiarity principle**

The proposal falls under the exclusive competence of the Community. The subsidiarity principle therefore does not apply.

- **Proportionality principle**

The proposal complies with the proportionality principle for the following reason(s).

Member States continue to have exclusive competence in determining, organising and financing their national social security systems.

The proposal only facilitates the co-ordination of social security systems of Member States and Israel, to the benefit of the citizens of these countries. Moreover, the proposal does not affect any rights and obligations arising from bilateral social security agreements concluded between the Member States and Israel where the latter provide for more favourable treatment of the persons concerned.

The proposal minimises the financial and administrative burden for national authorities, as it is part of a package of similar proposals which ensure a uniform application of social security provisions contained in Association Agreements with third countries.

- **Choice of instruments**

Proposed instruments: Council Decision (containing in Annex a Draft Association Council Decision).

Other means would not be adequate for the following reason(s).

There is no alternative option to the proposed action. Article 65 of the Agreement requires a Decision of the respective Association Council. Article 300 (2) of the Treaty provides for a Council Decision for the purpose of establishing the positions to be adopted on behalf of the Community in a body set up by an Association Agreement, when that body is called upon to adopt decisions having legal effect.

4) BUDGETARY IMPLICATION

The proposal has no implications for the Community budget.

5) ADDITIONAL INFORMATION

- **Simplification**

The proposal provides for simplification of administrative procedures for public authorities (EU or national), and simplification of administrative procedures for private parties.

The provisions in the proposal relating to the co-ordination of social security systems for Israeli nationals are almost identical to those for the nationals of the other associated countries. This will lead to a simplification of the procedures and fewer administrative burdens for national social security institutions.

Persons falling under the proposal are not confronted with different national provisions as regards the social security principles contained in Article 64 of the Agreement with Israel, and can therefore rely instead on uniform provisions within the Community.

- **Detailed explanation of the proposal**

A. Council Decision on the position to be taken by the Community within the Association Council established by the Agreement with Israel with regard to the provisions for the co-ordination of the social security systems.

Article 1

This Article clarifies the legal relationship between this Council Decision and the annexed Decision of the Association Council.

B. Annexed Decision of the Association Council with regard to the provisions for the co-ordination of the social security systems contained in the Agreement with Israel.

Part I: General provisions

Article 1

This Article defines, for the purposes of the legislation of a Member State and for the purpose of the legislation of Israel, the terms "Agreement", "Regulation", "implementing Regulation", "Member State", "worker", "member of the family", "legislation", "benefits" and "family benefits", and refers to the Regulation and implementing Regulation for the other terms used in the annexed Decision.

Article 2

In line with the wording of Article 64 of the Agreement with Israel, this Article defines the persons covered by the annexed Decision.

Part II

Relations between the Member States and Israel

This Part of the annexed Decision covers the principles contained in Article 64 (1), second and third indents, of the Agreement with Israel as well as the reciprocity clause with regard to EU nationals and the members of their family, as provided for in the last paragraph of this Article.

Article 3

This Article lists the social security branches referred to in Article 64 (1), second and third indents, of the Agreement with Israel to which Part II of the annexed Decision applies.

Article 4

This Article contains the principle of the export of cash benefits as provided for by Article 64 (1), second indent, of the Agreement with Israel and makes it clear that this principle is limited to the benefits contained in Article 1 (h) of the annexed Decision which lists the benefits referred to in this indent.

Article 5

This Article specifies which persons covered by this proposal are entitled to family benefits on behalf of the competent state. It clearly follows from this Article that, in line with Article 64 of the Agreement with Israel, there is no entitlement to family benefits for family members of an Israeli worker, if these family members reside outside the territory of the European Union.

Part III

Application of social security provisions with regard to Denmark

Article 6

Regulation (EC) No 859/2003 already covers the principle of aggregation of insurance periods acquired by an Israeli worker within the Community with regard to the entitlement to certain benefits, as set out by Article 64 (1), first indent, of the

Agreement with Israel. However, as this Regulation is based on Title IV of the Treaty, in accordance with Articles 1 and 2 of the Protocol on the position of Denmark annexed to the Treaty establishing the European Community, Denmark is not bound by or subject to it. This Article therefore clarifies that Denmark shall use the relevant provisions of Regulations (EEC) No 1408/71 and No 574/72 in order to implement the above aggregation principle.

Part IV

Miscellaneous provisions

Article 7

This Article contains general provisions for cooperation between Member States and their institutions, of the one part, and Israel and its institutions, of the other part, as well as between the beneficiaries and the institutions concerned. These provisions are similar to those of Article 84 (1), (2) and (3) of Regulation (EEC) No 1408/71 and Article 76 (3), (4), first and third sub-paragraphs, and (5) of Regulation (EC) No 883/2004.

Article 8

This Article lays down the procedures for administrative checks and medical examinations similar to those contained in Article 51 (1) of Regulation (EEC) No 574/72. Moreover, it provides for the possibility to adopt other implementing provisions in this area.

Article 9

This Article refers to Annex II to the annexed Decision which is similar to Annex VI to Regulation (EEC) No 1408/71 and to Annex XI to Regulation (EC) No 883/2004, and which is necessary in order to lay down the necessary special provisions for the application of Israeli legislation with regard to the annexed Decision.

Article 10

As provided for in Article 64 of the Agreement with Israel, this Article specifies that provisions of bilateral Agreements providing for more favourable treatment remain in force.

Article 11

This Article provides for the possibility to conclude supplementary administrative Agreements.

Article 12

The transitional provisions provided for under this Article correspond to the transitional provisions of Article 94 (1), (3), (4), (6) and (7) of Regulation (EEC) No 1408/71 as well as to the similar Article 87 (1), (3), (4), (6) and (7) of Regulation (EC) No 883/2004.

Article 13

This Article clarifies the legal status of the Annexes to the annexed Decision and the procedure for amending them.

Article 14

This Article contains a procedure to ensure that all the necessary measures to

implement the annexed Decision are taken.

Article 15

This Article clarifies the date of entry into force of the annexed Decision.

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 310 in conjunction with Article 300 (2), first subparagraph, last sentence, and second subparagraph thereof,

Having regard to the proposal from the Commission⁵,

Whereas:

HAS DECIDED AS FOLLOWS:

Article 1

The position to be taken by the Community within the Association Council created by the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the State of Israel, of the other part, with regard to the provisions for the co-ordination of social security systems contained in the Association Agreement shall be based on the draft decision of the Association Council annexed to this Decision.

DECISION No.../.... OF THE ASSOCIATION COUNCIL

**created by the Euro-Mediterranean Agreement establishing an association between the
European Communities and their Member States, of the one part, and the State of
Israel, of the other part,**

of ...

**with regard to the provisions for the co-ordination of social security systems contained
in the Association Agreement**

THE ASSOCIATION COUNCIL,

Having regard to the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the State of Israel, of the other part, and in particular Article 64 thereof,

Whereas

- (1) Article 64 of the said Agreement provides for the co-ordination of the social security systems of Israel and the Member States and lays down the principles for such co-ordination.
- (2) Article 65 of the said Agreement also provides that a Decision of the Association Council shall put in place the provisions contained in Article 64.
- (3) Objective 2.3.3, first indent, of the EU-Israel Action Plan adopted by the Association Council in the context of the European Neighbourhood Policy on 11 April 2005 calls for the adoption by the Association Council of a decision implementing Article 65 of the said Agreement.
- (4) In applying this Decision, the right of Israeli workers to family benefits is subject to the condition that their family members are legally resident with the worker concerned in the Member State where the worker is employed. The Decision does not give any entitlement to family benefits with respect to members of their family resident in another state, e.g. Israel.
- (5) Currently, Council Regulation (EC) No 859/2003 extends the provisions of Regulation (EEC) No 1408/71 and Regulation (EEC) No 574/72 to nationals of third countries who are not already covered by those provisions solely on the ground of their nationality. This Regulation is based on Title IV of the Treaty. In accordance with Articles 1 and 2 of the Protocol on the position of Denmark annexed to the Treaty on the European Union and to the Treaty establishing the European Community, Denmark did not take part in the adoption of Regulation (EC) No 859/2003 and is not therefore bound by or subject to it. It is therefore necessary to lay down specific provisions with regard to Denmark concerning those principles contained in Article 64 of the said Agreement, which are already covered by this Regulation.

- (6) It might be necessary to lay down special provisions which correspond to the specific characteristics of the Israeli national legislation, in order to facilitate the application of the co-ordination rules.
- (7) This Decision is without prejudice to rights and obligations arising from bilateral Agreements between the Member States and Israel which afford advantages in terms of social security.
- (8) In order to ensure a smooth functioning of the co-ordination of the social security systems of the Member States and Israel, it is necessary to establish specific provisions on the cooperation between the Member States and Israel as well as between the person concerned and the institution of the competent state.
- (9) Transitional provisions should be adopted to protect the persons covered by this Decision and to ensure that they do not lose rights as a result of its entry into force,
