Proposal for a

COUNCIL DECISION

on the signature and provisional application of the Agreement between the European Community and the Government of the Republic of Singapore on certain aspects of air services

Proposal for a

COUNCIL DECISION

on the conclusion of the Agreement between the European Community and the Government of the Republic of Singapore on certain aspects of air services

(presented by the Commission)

EXPLANATORY MEMORANDUM

International aviation relations between Member States and third countries have traditionally been governed by bilateral air services agreements between Member States and third countries, the annexes to such agreements and other related bilateral or multilateral arrangements.

Following the judgements of the Court of Justice of the European Communities in cases C-466/98, C-467/98, C-468/98, C-471/98, C-472/98, C-475/98 and C-476/98, the Community has exclusive competence with respect to various aspects of external aviation. The Court of Justice also clarified the right of Community air carriers to benefit from the right of establishment within the Community, including the right to non-discriminatory market access.

Traditional designation clauses in Member States' bilateral air services agreements infringe Community law. They allow a third country to reject, withdraw or suspend the permissions or authorisations of an air carrier that has been designated by a Member State but that is not substantially owned and effectively controlled by that Member State or its nationals. This has been found to constitute discrimination against Community carriers established in the territory of a Member State but owned and controlled by nationals of other Member States. This is contrary to Article 43 of the Treaty which guarantees nationals of Member States who have exercised their freedom of establishment the same treatment in the host Member State as that accorded to nationals of that Member State.

Following the Court of Justice judgements, the Council authorised the Commission in June 2003 to open negotiations with third countries on the replacement of certain provisions in existing bilateral agreements with a Community agreement.¹

In accordance with the mechanisms and directives in the Annex to the Council decision authorising the Commission to open negotiations with third countries on the replacement of certain provisions in existing bilateral agreements with a Community agreement, the Commission has negotiated an agreement with Singapore that replaces certain provisions in the existing bilateral air services agreements between Member States and Singapore. Article 2 of the Agreement replaces the traditional designation clauses with a Community designation clause, permitting all Community carriers to benefit from the right of establishment. Article 4 (Pricing) resolves conflicts between the existing bilateral air services agreements and Council Regulation No 2409/92 on fares and rates for air services which prohibits third country carriers from being price leaders on air services for carriage wholly within the Community.

The Council is asked to approve the decisions on the signature and provisional application and on the conclusion of the Agreement between the European Community and the Government of the Republic of Singapore on certain aspects of air services and to designate the persons authorised to sign the agreement on behalf of the Community.

ANNEX
AGREEMENT

between the European Community and the Government of the Republic of Singapore
on certain aspects of air services

THE EUROPEAN COMMUNITY

of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF SINGAPORE

(hereinafter referred to as “Singapore”)

of the other part

(hereinafter referred to collectively as “the Contracting Parties”)

NOTING that the European Court of Justice has found that certain provisions of bilateral agreements entered into by several Member States with third countries are incompatible with Community law,

NOTING that a number of bilateral air services agreements have been concluded between several Member States of the European Community and Singapore containing similar provisions and that there is an obligation on Member States to take all appropriate steps to eliminate incompatibilities between such agreements and the EC Treaty,

NOTING that the European Community has exclusive competence with respect to a number of aspects that may be included in bilateral air service agreements between Member States of the European Community and third countries,

NOTING that, under European Community law, Community air carriers established in a Member State have the right to non-discriminatory access to air routes between that Member State and third countries,

HAVING REGARD to the agreements between the European Community and certain third countries providing for the possibility for the nationals of such third countries to acquire ownership in air carriers licensed in accordance with European Community law,

RECOGNISING that consistency between European Community law and provisions of bilateral air service agreements between Member States of the European Community and Singapore will provide a viable means to ensure continuity and development of air services between the European Community and Singapore,

NOTING that provisions of the bilateral air services agreements between Member States of the European Community and Singapore, which are not inconsistent with European Community law, do not need to be affected by this Agreement,

NOTING that it is not a purpose of the European Community in this Agreement to increase the total volume of air traffic between the European Community and Singapore, to affect the

balance between Community air carriers and air carriers of Singapore, or to prevail over the interpretation of the provisions of existing bilateral air service agreements concerning traffic rights,

HAVE AGREED AS FOLLOWS:

ARTICLE 1

General Provisions

1. For the purposes of this Agreement, “Member States” shall mean Member States of the European Community; “Contracting Party” shall mean a contracting party to this Agreement; “party” shall mean the contracting party to the relevant bilateral air services agreement; “air carrier” shall also mean airline; “territory of the European Community” shall mean territories of the Member States to which the Treaty establishing the European Community applies.
2. References in each of the agreements listed in Annex 1 to nationals of the Member State that is a party to that agreement shall be understood as referring to nationals of the Member States of the European Community.
3. References in each of the agreements listed in Annex 1 to air carriers or airlines of the Member State that is a party to that agreement shall be understood as referring to air carriers or airlines designated by that Member State.

ARTICLE 2

Designation, Authorisation and Revocation

1. The provisions in paragraphs 3 and 4 of this Article shall prevail over the corresponding provisions in the articles listed in Annex 2 (a) and (b) respectively, in relation to the designation of air carriers by the Member State concerned, its authorisations and permissions granted by Singapore, and the refusal, revocation, suspension or limitation of the authorisations or permissions of the air carrier, respectively.
2. The provisions in paragraphs 3 and 4 of this Article shall prevail over the corresponding provisions in the articles listed in Annex 2 (a) and (b) respectively, in relation to the designation of air carriers by Singapore, its authorisations and permissions granted by the Member State concerned, and the refusal, revocation, suspension or limitation of the authorisations or permissions of the air carrier, respectively.
3. On receipt of such a designation, and of applications from the designated air carrier(s), in the form and manner prescribed for operating authorisations and technical permissions, each party shall, subject to paragraphs 4 and 5 grant the appropriate authorisations and permissions with minimum procedural delay, provided that:
 - a) in the case of an air carrier designated by a Member State:

- i. the air carrier is established in the territory of the designating Member State under the Treaty establishing the European Community and has a valid Operating Licence from a Member State in accordance with European Community law; and
 - ii. effective regulatory control of the air carrier is exercised and maintained by the Member State responsible for issuing its Air Operators Certificate and the relevant aeronautical authority is clearly identified in the designation; and
 - iii. the air carrier has its principal place of business in the territory of the Member State from which it has received the valid Operating Licence; and
 - iv. the air carrier is owned directly or through majority ownership and is effectively controlled by Member States and/or nationals of Member States, and/or by other states listed in Annex 3 and/or nationals of such other states.
- b) in the case of an air carrier designated by Singapore:
 - i. Singapore has and maintains effective regulatory control of the air carrier; and
 - ii. it has its principal place of business in Singapore.
- 4. Either party may refuse, revoke, suspend or limit the operating authorisation or technical permissions of an air carrier designated by the other party where:
 - a) in the case of an air carrier designated by a Member State:
 - i. the air carrier is not established in the territory of the designating Member State under the Treaty establishing the European Community or does not have a valid Operating Licence from a Member State in accordance with European Community law; or
 - ii. effective regulatory control of the air carrier is not exercised or not maintained by the Member State responsible for issuing its Air Operators Certificate, or the relevant aeronautical authority is not clearly identified in the designation; or
 - iii. the air carrier does not have its principal place of business in the territory of the Member State from which it has received its Operating Licence; or
 - iv. the air carrier is not owned directly or through majority ownership and is not effectively controlled by Member States and/or nationals of Member States, and/or by other states listed in Annex 3 and/or nationals of such other states; or
 - v. it can be demonstrated that, by exercising traffic rights under this Agreement on a route that includes a point in another Member State, including the operation of a service which is marketed as, or otherwise constitutes a through service, the air carrier would in effect be circumventing restrictions on traffic rights imposed by an agreement between Singapore and that other Member State; or
 - vi. the air carrier holds an Air Operators Certificate issued by a Member State and there is no bilateral air services agreement between Singapore and that Member State and it can be demonstrated that the necessary traffic rights to conduct the proposed operation are not reciprocally available to the designated air carrier(s) of Singapore.

- b) in the case of an air carrier designated by Singapore:
 - i. Singapore is not maintaining effective regulatory control of the air carrier; or
 - ii. it does not have its principal place of business in Singapore.
- 5. In exercising its right under paragraph 4, and without prejudice to its rights under paragraph 4(a) (v) and (vi) of this Article, Singapore shall not discriminate between air carriers of Member States on the grounds of nationality.

ARTICLE 3

Rights with regard to regulatory control

- 1. The provisions in paragraph 2 of this Article shall complement the articles listed in Annex 2 (c).
- 2. Where a Member State (the first Member State) has designated an air carrier whose regulatory control is exercised and maintained by a second Member State, the rights of Singapore under the safety provisions of the agreement between the first Member State that has designated the air carrier and Singapore shall apply equally in respect of the adoption, exercise or maintenance of safety standards by that second Member State and in respect of the operating authorisation of that air carrier.

ARTICLE 4

Tariffs for carriage within the European Community

- 1. The provisions in paragraph 2 of this Article shall complement the articles listed in Annex 2 (d).
- 2. The tariffs to be charged by the air carrier(s) designated by Singapore under an agreement listed in Annex 1 containing a provision listed in Annex 2 (d) for carriage wholly within the European Community shall be subject to European Community law. European Community law is applied on a non-discriminatory basis.

ARTICLE 5

Annexes to the Agreement

The Annexes to this Agreement shall form an integral part thereof.

ARTICLE 6

Revision or amendment

The Parties may, at any time, revise or amend this Agreement by mutual consent.
