# COMMISSION OF THE EUROPEAN COMMUNITIES

COM(80) 197 final

Brussels, 23 April 1980

Recommendation for a  
COUNCIL REGULATION (EEC)

on the system for guaranteeing the stabilization of earnings from  
certain commodities exported by the ACP States and the overseas  
countries and territories associated with the Community

(submitted to the Council by the Commission)

COM(80) 197 final

## EXPLANATORY NOTE

Article 23 of the second Lomé Convention takes over the provisions of the first Convention concerning the system intended to guarantee the stabilization of export earnings for the ACP countries in regard to trade with the Community in certain basic commodities.

The list of these commodities is in Article 25 of the new Convention and, compared with the first Convention, contains some new products.

It is also intended to introduce the same system in the context of the Association of overseas countries and territories with the European Economic Community.

It is also laid down that the first year of application of the system is to be the calendar year in which the Convention enters into force. The communication of the statistical data by the Member States for the new products concerned must therefore commence as from 1 January 1980.

On the other hand it is necessary to list the ACP countries and the countries and territories concerned.

The use of the statistical data, which is the basis of the stabilization system, implies that the Member States must supply the services of the Commission with details of actual imports.

This is the subject of the annexed draft Regulation which is intended to replace Council Regulation (EEC) No. 2478/77 of 7 November 1977.
