Draft

COUNCIL REGULATION (EEC)

on the opening, allocation and administration of a
Community tariff quota for rosin, including "brais
résineux" falling within subheading No 38.08 A of the
Common Customs Tariff for 1979

(submitted to the Council by the Commission)

COM(78) 353 final

EXPLANATORY MEMORANDUM

1. The purpose of this memorandum is to submit to the Council a draft Regulation on the opening, allocation and administration of an autonomous duty free Community tariff quota for rosins falling within subheading 38.08 A of the CCT for 1979 which does not exceed the limits permitted by Decision n° 1/75 on the application of the terms of paragraph 3 of Protocol n° 10 of the Association Agreement between the Community and Greece. This Decision lays down that the Community may, without the approval of the Association Council EED/Greece, open a tariff quota of an amount not exceeding 25% of the Community imports of these products from third countries not associated or linked with it by a preferential agreement during the latest year for which statistics are available.
2. Those imports in 1977 have amounted to 62.506 metric tons, so the Community tariff quota must be fixed, for 1979 at an amount of 15.627 metric tons.
3. Since the Community tariff quota in question is relatively small and will undoubtedly be used up quickly in the Member States it does not seem that an allocation of it in shares among the Member States would derogate from the Community nature thereof. Such a solution has previously been availed in cases of this nature.

Draft

COUNCIL REGULATION (EEC)

on the opening, allocation and administration of a Community tariff quota for rosin, including 'brais résineux', falling within subheading 38.08 A of the Common Customs Tariff (1979)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 hereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas the production in the Community and in Greece of rosin falling within subheading 38.08 A of the Common Customs Tariff is currently insufficient to meet the requirements of the processing industries in the Community; whereas, consequently, Community supplies of products of this type currently depend to a considerable extent on imports from third countries;

Whereas, under Decision No 1/75 of the Association Council on the application of paragraph 3 of Protocol No 10 to the Agreement establishing an Association between the European Economic Community and Greece, the Community may open autonomous tariff quotas for rosin provided that, for the Community as a whole, the annual quotas do not exceed 25% of the Community's imports from third countries not associated with or linked to it by a preferential agreement during the last year for which statistics are available; whereas the most urgent Community requirements for the products in question should be met immediately on the most favourable terms; whereas a nil duty Community tariff quota should therefore be opened within the limits of the above amount;

Whereas, in 1977 the imports of rosin from third countries not associated with or linked to the Community by a preferential agreement were as follows:

	tonnes
Benelux	11.554
Denmark	155
Germany	25.276
France	3.937
Ireland	3.020
Italy	2.262
United Kingdom	16.302
Total	62.506

Whereas 25% of this total represents 15.627 tonnes

Whereas, in view of the negligible size of such a quota in comparison with the Community's requirements, a system of utilization should, without derogating from the Community nature of the tariff quota, be provided, based on a single allocation between the Member States; whereas this allocation should be calculated by the same method as is used to establish a total quota of 25% of the imports of each Member State from the same third countries; whereas, calculated in this manner, this allocation should be as set out in Article 2;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that Economic Union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:
