COMMISSION OF THE EUROPEAN COMMUNITIES

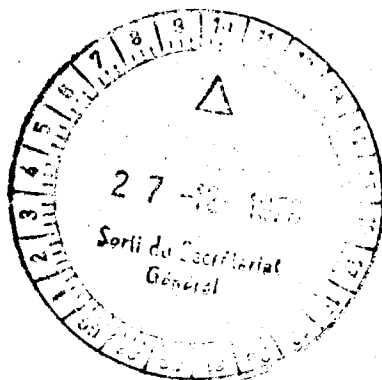

COM(78) 753 final.

Brussels, 20 december 1978

Proposal for a
REGULATION (EEC) OF THE COUNCIL

laying down certain interim measures for the conservation and management of fishery resources applicable to vessels registered in the Faroe Islands.

(submitted to the Council by the Commission)

COM(78) 753 final.

EXPLANATORY MEMORANDUM

Consultations between delegations from the Community and the Faroe Islands about their reciprocal fishing rights in 1979 have not been concluded in time to make it possible to adopt before 31 December 1978 final arrangements for 1979 based on the conclusions of the said consultations.

In order to avoid an interruption of the reciprocal fishing from 1. January 1979 the two delegations have agreed to recommend to their authorities that they adopt interim arrangements valid from 1. January to 28 February 1979 in order to allow the conclusion of consultations and the adoption of definitive arrangements for 1979. It is the purpose of the Regulation hereby proposed to establish an interim regime allowing fishing from Faroese vessels in the Community zone for the said period. The Faroese authorities will adopt an interim regime permitting fishing from Community vessels in their fishing zone during the same period, provided the Council adopts the Regulation hereby proposed.

The quotas provided for in the proposed Regulation are based on 1/6 of the yearly quotas for 1979 offered by the Community to the Faroe Islands during the said consultations taking into account, however the seasonal variations in fisheries in regard to certain species.
